General Description

This Bell 206 B-II JetRanger is a beautiful helicopter and is flawless in all respects. She has no damage history and has been well maintained with all records from new. Always hangered, this aircraft has many options and improvements that gives her a VIP feel, such as the Factory Bell sliding door and executive interior. Zero time RR C-250 C20 Turbine has been recently installed. This aircraft will be sold with a fresh annual. With very low total aircraft time on the airframe.
